

I live in the State of Indiana and I am on the "do not call list". My husband and I had no quiet time prior to this list. We had calls starting at 7:30am to 10:00pm 7 days a week. If you told them to remove your name from their list they would just call you more frequently. My husband and I would like to continue the service of the "no call list". If this list is lifted and no longer in effect we will be more than rude to these telemarketers. If we want a service from our banking institutions (credit card company) etc... we are intelligent enough to pick up the phone and contact them ourselves. Without this list our privacy is greatly violated. We ask that this list remain in effect.

Thank You
Cammie and Scott Duncan
